Signing of the Bilateral

The Bilateral Agreement has been signed for the second phase of the Natural Heritage Trust (the Trust). The Queensland and Australian Governments will invest \$166 million in the Trust over the next three years to support natural resource management (NRM) groups in the state. The 15 regional NRM bodies will deliver these funds in cash and in-kind support to on-ground groups to address NRM issues. Community, local government and industry stakeholders will work in collaboration through these regional bodies to address specific NRM problems.
