**KEY MESSAGES 30/07/04**

## **Financial and Performance reports**

This week there was a significant workshop of regional bodies, State Contact Officers, Regional Liaison Officers and Strategic Policy and Regional Arrangements (SPRA) staff. The key focus was on making sure we are all talking the same language in reporting (both performance and financial). It also presented an opportunity to talk through proposed reforms in future contractual arrangements under the Regional Investment Strategies. ## **Queensland Landcare Conference**

The Toowoomba Landcare Group will be hosting the 2004 Queensland Landcare Conference on 1-5 September. The conference will give people an opportunity to share their experiences about what makes sustainable natural resource management work on the ground and explore the successes and challenges of Landcare, Bushcare, Coastcare and Rivercare. The Conference is also featuring poetry, photo and poster competitions for conference delegates to capture past, present and future perceptions of what resource management means. The best entries will be displayed and awards will be presented during the conference. Each conference participant will also receive a 2005 Landcare Calendar that will consist of the winning photos.
